

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

P R E F A C E.

DURING the last century, there were *four* Grand Lodges of England, viz. :—(1.) *The* Grand Lodge of England, 1717 ; (2.) The Grand Lodge of *All* England [York], 1725 ; (3.) The Grand Lodge of England “according to the old Institutions,” 1753 ; (4.) And the Grand Lodge of England, “South of the Trent,” 1779. Of the foregoing, Nos. 2 and 4 succumbed to adverse fortune, leaving the Grand Lodges established respectively in 1717 and 1753, to continue their rivalry alone, from 1790 to 1813.

The *junior* of these two bodies originated in the secession of numerous brethren about 1738, from the *parent* Grand Lodge of English Masonry, which they averred had adopted *new* plans and departed from the *old* landmarks. The Schismatics, therefore, in reverting [as they alleged] to the “old forms,” arrogated to themselves the title of “Ancient” Masons, bestowing upon their rivals the odious appellation of “Moderns,” and by these distinctive epithets they have since been generally described.

Towards the close of the Eighteenth Century, the two Grand Lodges became further distinguished

from each other, by the names of their respective Grand Masters: Thus, whilst brethren holding under the "Regular" or "Constitutional" Grand Lodge [1717], were indifferently classed, as "Prince of Wales" Masons or "Moderns." Those under the jurisdiction of the "Seceding" Grand Lodge [1753], were styled "Atholl" Masons or "Ancients."

Annual lists of their subordinate Lodges were published by the "Moderns," who, moreover, were in the habit of filling gaps on the roll, caused through lapse or erasure, by *closing up the numbers*, or, in other words, by *re-numbering* their Lodges; this process being resorted to, in 1740, 1756, 1770, 1781, and 1792.

The "Ancients," on the contrary, never had recourse to a general re-numbering, but filled *their* gaps by the promotion of junior Lodges to such of the *earlier* numbers as became vacant. Each alteration of the kind, creating a *further* vacancy lower down on the roll, which in turn was the object of competition between the more junior Lodges. Unlike the "Moderns," they published no lists of their Lodges for more than *half a century* after their Grand Lodge was established; the first printed roll of the "Atholl" [or "Ancient"]

Lodges appearing in their Book of Constitutions, or "Ahiman Rezon," for 1807.

The present work is an attempt to elucidate the early history of the "Atholl" Lodges, and in the furtherance of such purpose I have carefully examined all the "Records" of the "Ancient" Grand Lodge, consisting of the Grand Lodge and Stewards' Lodge Minutes, and the Register of Lodges and their members.

Much has been done in this field of inquiry by Bros. Hughan and John Constable, but in his transcripts of old "Atholl" warrants, the latter brother having been restricted to the publication of documents relating to *existing* Lodges only, the constant numerical changes produced by the frequent sale and purchase of warrants, *with their resulting ramifications throughout the entire roll of the "Ancients,"* are obviously very imperfectly recorded. These old warrants, moreover [especially the earlier ones], are very misleading, from the erroneous *endorsements* that have been placed upon them by Grand Secretary Leslie and Deputy Grand Secretary Harper.

The warrants of Lodges appear, in the first instance, to have borne the dates on which they were granted *in* Grand Lodge. At a later stage,

however [as corresponded with the practice of the "Moderns"] the dates shown in the Minutes or Register of Grand Lodge are, in general, those of *constitution*, which ceremony ordinarily occurred within a month or two of the *grant* or *date* of warrant.

Warrants were numbered consecutively, and were issued in regular chronological order. Where any deviation from this rule seems to occur, it is probable that the *junior* Lodge of *earlier* date has been credited either with the *date of warrant*, or for some reason or other has been *constituted* [formed] *prior to* one standing before it in strict order of seniority.

On the 2nd December, 1812, Grand Secretary Leslie reported:—"That, after the passing of the Act of Parliament, 39 Geo. III., cap. 79, the [Ancient] Grand Lodge had had recourse to the revival and granting of warrants [to *new* Lodges] granted and held *before* the passing of that Statute." A similar practice was resorted to by the "Moderns," though, in the latter case, dormant warrants thus assigned to *new* Lodges were *re-*numbered, so as to harmonise with the dates of re-issue.

The "Grand Committee" of the "Ancients,"

which subsequently developed into their "Grand Lodge," was, no doubt, originally their senior private Lodge, whose growth, in this respect, is akin to that of the Grand Chapter of the "Moderns," which commencing in 1765 as a private Chapter, within a few years assumed the general direction of the R.A. Masonry, and issued warrants of constitution.

The "Records" of the "Ancients" cease in 1813, the year of their fusion with the "Moderns," and for their further history I commend the reader to Brother W. J. Hughan's admirable "Masonic Register," where the vicissitudes of *all* "Union" Lodges, "Ancient" or "Modern," are instructively detailed.

To Brother H. G. Buss, Assistant-Grand Secretary, I am much indebted for the kind manner in which, at all times, he has freely placed at my service his unequalled experience of the "Atholl" Records. My acknowledgments are also due to Brother D. M. Lyon, Grand Secretary, Scotland, and Brother S. B. Oldham, Deputy-Grand Secretary and Treasurer, Ireland, for much valuable information concerning "Military" Lodges warranted under the Scotch and Irish registries respectively.

The various Numbers issued by the "Ancients" are shown in consecutive order, and range from 1 to 359. Opposite each number will be found a description of the Lodges by which it has been filled, with dates of their distinct and separate Constitutions. The Figures on the outer margins of pages denote the *present* numbers of Lodges, which continue on the Roll, and will serve as a key to their identification in all Masonic Calendars from 1863 onwards.

An "asterisk" signifies that the statement or the date to which it is affixed, is given on the authority of the "Old Warrants," published by Bro. John Constable, P.M., No. 185.

Mr. James Hagarthy, the Master of No. 4, presided at the Grand Committee on the 5 Feb., 1752, being the date of Lawrence Dermott's election as Grand Secretary. No earlier minutes of the "Ancients" exist, and on 14 Sept. of the same year, the following is chronicled in the "Transactions of the Grand Committee":—For Dermott never received any copy or manuscript of the former "Transactions" from Mr. Morgan, late Grand Secretary. Nor does Lawrence Dermott, the present Grand Secretary, think that Bro. Morgan did keep any book of Transactions. Though there is no certainty that he did not. 3 March, 1779 : Bro. Charles Bearblock, P.M., No. 4, elected Grand Secretary.—*G.L. Min.* At the Lodge of

Bro. Winsor, P.M., the "Father" of this Lodge, at its "Centenary," on 16 April, 1857, stated that the *Number* had originally been 125. (?) No. 125 was, however, cancelled on 7 Sept., 1774, when several members *joined* No. 63. Against their names in the Register of Grand Lodge appears the following note:—"These six members allowed to join this Lodge, previous to the cancells the Warr^t No. 125." Bro. B. Aldhouse admitted a member in 1771, and continued so until his decease (at the age of 98) in 1848. This Brother had been Grand Tyler and Grand Pursuivant, and always claimed to have been the founder of the Boys' School. In 1784, the furniture of the "Athol" Grand Lodge being at the Half Moon, Cheapside, and a distress warrant being in the house for rent, Bro. Aldhouse applied to the Lord Mayor for an

order to remove the furniture, which being obtained, it was conveyed safely to the Horn, Doctor's Commons. The *earliest* resolution in favour of a Union of the *two* Grand Lodges was moved by a member of this Lodge [Bro. Moreton] in December, 1797. The result being [as recorded in the Minutes of Grand Lodge]:—"That the previous Question was therefore Moved and Carried almost unanimously." Amongst the initiates of No 63, are numbered Bros. Dr. H. B. Leeson [1832], Girand [1836], and Albert Smith [1841].

William Preston) petitioned for a "Modern" constitution, and the Lodge was soon afterwards constituted a *second* time in Ample form, by the name of the "Caledonian" Lodge, under which name it still exists [now No. 134]. In 1775 Preston, having sought to establish an understanding between the Grand Lodge of Scotland and the "Modern" Grand Lodge, was referred by the former to William Dickey, Grand Secretary, "Ancients." Preston's rejoinder, imputing that "the G.L. of Scotland had been grossly imposed upon by an irregular body of men, falsely assuming the *appellation* of *Antient* Masons," was discussed at much length in the "Ancient" Grand Lodge, on the 1st Nov., 1775. In the Minutes of that date, Preston himself is styled "a lecturer on Masonry in London," and commenting with much force, on the statements in his correspondence and recently published work, to the effect "that the regular Masons were obliged to adopt fresh measures, and that some Variations were made in, and Additions to, the Established forms," the "Ancient" Grand Lodge recorded an opinion, "that though it was plain that such new change might be sufficient to distinguish the members of the new Masonical Heresy from those who adhered to the good old system, it was remarkable that no account of such alterations had been transmitted to Scotland or Ireland, although they obliterated the Ancient Landmarks, so as to render the Ancient System scarcely distinguishable by either of these nations."

And a dispensation was granted to him, to continue in force for the space of 30 days. — *G.L. Min.* William Preston, the famous Author of the "Illustrations of Masonry," was the second person initiated under this dispensation, the Brethren associated thereunder being duly constituted into a *Lodge* by the officers of the "Ancient" Grand Lodge on or about 20th April, 1763, William Leslie, Charles Halden and John Irwin being the first Master and Wardens. Preston's name appears twelfth on the list. Robt. Lochhead was likewise a member. This latter Brother was also a Member of No. 81, and was first Master of No. 159, now the Royal Athelstane. After meeting successively at the Horn Tavern, Fleet Street, the Scots' Hall, Blackfriars, and the Half Moon, Cheapside, the members of No. 111 (at the instance of

William Preston) petitioned for a "Modern" constitution, and the Lodge was soon afterwards constituted a *second* time in Ample form, by the name of the "Caledonian" Lodge, under which name it still exists [now No. 134]. In 1775 Preston, having sought to establish an understanding between the Grand Lodge of Scotland and the "Modern" Grand Lodge, was referred by the former to William Dickey, Grand Secretary, "Ancients." 123. Reg. of Inniskilling Horse, 19 Oct., 1763
 6th Innerskilling Regiment of Dragoons
 20 May, 1775

This distinguished regiment has had a very chequered Masonic career. Originally an offshoot of the "Ancients" [1763], we are informed by Bro. Hughan that on 30 Oct., 1769, it obtained a warrant from the G. Lodge of All England, at

York. In 1775 it was granted a renewal of its former "Ancient" No. [123], and on 18 Dec., 1777, was duly warranted by the "Moderns" [No. 508]. Twenty years later it again joined the "Ancients," then becoming No. 311. It also at one time held an Irish warrant, No. 876. Two Chapters have been held in this regiment, one (according to Bro. T. B. Whytehead) granted by the Grand Chapter of *All England* [York] in October, 1770, the other by the Grand Chapter of Scotland. The latter, named the "Fidelity" Chapter, was existent in 1843. The 6th Dragoons has therefore worked under Masonic Charters from *three* Grand Lodges of England, and *one* of Ireland, and from a *Grand Chapter* of England and Scotland respectively.

George Inn, ,, 1807

4 Feb., 1807: The G. Sec. Leslie reported that the warrant, No. 157, lately held at Byrnes at the Gins, a village near Whitehaven, under which very improper and unmasonic proceedings had lately taken place, had been withdrawn from that place, and given up under the order of the Grand Lodge, and that the same was now held and established at the George Inn, Whitehaven, by many respectable Brothers, formerly of said Lodge, by and with the unanimous consent and approbation of the respectable Lodge 154, the only other Lodge at Whitehaven.—*G.L. Bd. of G.P.], the present Secretary of this Lodge, has shown me its earliest Minute Book, wherein appear various entries testifying to the "Mark" degree having been worked by No. 193 in the last century. This degree seems to have been very popular with the "Atholl" Lodges, and was worked in Nos. 44 and 47 [Now Nos. 47 and 50] until a comparatively recent date. In "Ahiman Rezon," 1807, No. 193 is described as *at* [or *in*] "The Foot Guards, Westminster." (?)

8 Dec., 1777 : Heard a letter from No. 200 at Salisbury, setting forth that a Mr. Dunkerley, P.G.M., under the "Moderns," had taken upon him to doubt the legality of their warrant.

27 Dec., 1777 : The D.G.M. said he had been informed by the G.M. [Duke of Atholl] that he had had another letter from Mr. Dunkerley relative to the affair at Salisbury, and had assured His Grace that by noticing such letters, applications, &c., he had given the fraternity great uneasiness.—*G.L. Min.*

It is erroneously supposed that Dunkerley acquired his knowledge of B.A. Masonry by visiting the "Atholl" Lodges, also that he was a *founder* of the *private* Chapter which afterwards developed into the "Grand" Chapter of the "Moderns." The above citations disprove his intimacy with the "Ancients," and I find by the earliest Royal Arch Minute Book of the "Moderns" that their *original* Chapter was formed on the 12th June, 1765. Dunkerley did not become a member until 8th January, 1766. This Brother, whose influence in shaping the course of Royal Arch Masonry has been much over-rated,

was frequently reprimanded by the "Modern" Grand Chapter
"for exceeding the bounds of his office."

Peter Thomson, P.S.G.D., was born in the north of England in 1779, came to London at the commencement of this century, and was initiated in the Lodge of Confidence [259], 13 Dec., 1810; raised to the third degree thay day week, and in the following year joined the Lion and Lamb Lodge [258], of which he became a Past Master. On the first Friday in September, 1817, the Lodge of Instruction [under sanction of the Lodge of Stability, No. 300 "Ancients"] was founded by Bros. Broadfoot and Thomson; Broadfoot being the first

Master elected to the chair, and Thomson the second. For a period of nearly thirty-four years he was hardly ever absent from a meeting of that Lodge, except from indisposition. It was one of the first, if not the *very first*, of the Lodges of Instruction founded after the Union, and was followed some six years later, viz., in 1823, by the Emulation Lodge of Improvement. Thomson was a member of the Board of General Purposes, 1824; S.G.D., 1844; and died 2 Feb., 1851, aged 72. In his Lodge of Instruction he was frequently assisted by the late Dr. Hemming. Bro. John Havers, P.G.W. [from whose eloquent addresses at anniversary meetings of the Stability Lodge of Instruction the foregoing is compiled], has observed with much force:—"I claim for the memory of Peter Thomson and the active teachers of his time a large share of merit in our present position. When all was disarranged, when all was unsettled, when every difficulty beset the young aspirant after Masonic knowledge, then Godwin and Gilkes, and Broadfoot and Thomson, then White and Goldsworthy, Laurence Thompson and Satterley, were the Masons who manfully and zealously attempted (and succeeded in the attempt) to procure uniformity in Masonry, and to disseminate the genuine principles of our Order."—*Speech on 9th March, 1851.* See Nos. 2, 266, 290, and 300.

He was initiated in the British Lodge *now* No. 8, in 1786, being at the time 21 years of age. During his Masonic life he filled the chairs of present Nos. 23; 69; 162; 172; 180 [239, Anc.]; 256; and 214 [295 Anc.]; several times each. What is now the Emulation Lodge of Improvement, was established by Bros. Thomas Scott, Dennis, Garner and Longstaff, all pupils of Peter Gilkes, who however himself, at first, gave it "his great and most violent opposition," on the ground that it could never succeed whilst excluding brethren in the inferior degrees. His fame as preceptor of this famous Lodge of Instruction was very widely diffused; but though many times offered the collar of a grand officer, he invariably declined, on the plea that his circumstances in life were not equal to the appointment. He was a great smoker, and averaged thirty pipes of tobacco and coltsfoot daily. When quite blackened by use, it was his habit to present the pipes, for which he had no further occasion, to his favourite pupils, by whom, *it is said*, they were much prized. (?) In 1809, a Warrant of Constitution was first received in Penang from the Duke of Atholl, though lodges of instruction had been held for three or four years previously; during

which period two applications for Charters had miscarried, it was supposed by capture of the vessels the letters were sent in by the French. Became extinct in 1819. In 1821 Brigadier O'Halloran, commanding the troops in Penang, obtained a warrant from the Prov. G.L. of Bengal and established a military lodge, designated "Humanity with Courage," and in a short space of time Masonry became so popular in this settlement, that almost every civilian of respectability was ranged beneath its banners; but in 1825, Bro. Stewart, of Liverpool, commanding the barque "Lalla Rookh," visited the Lodge and pointed out its irregular and unconstitutional proceedings, in making civilians in a military lodge. The result was an application to the G.L. of England, when the Duke of Sussex renewed the warrant of the Atholl Lodge (Neptune, No. 344), and confirmed the proceedings of the Military Lodge, directing all its members to be admitted on the registry of G. Lodge. The Craft after this continued to prosper, under the vigorous management of Colonel Sale of the Madras Army (brother of the illustrious hero of Jellelabad), but after his return to the Coromandel Coast, in 1828, it fell into great disrepute, owing to the improper proceedings and intemperate conduct of the Brother who was elected his successor. Now again (1846) extinct.—*F. Q. Rev.*, 1846. One of the wardens for 1835 was a Bro. J. P. Grant, presumably the eminent Bengal civilian, afterwards Sir J. P. Grant, the successor of General Sir Henry Storke as Governor of Jamaica.

8 Nov., 1813: At an Especial Grand Lodge, the Duke of Atholl resigned the Grand Mastership in favour of H.R.H. the Duke of Kent and Strathearn, who was thereupon unanimously elected G.M. of the Masons in England, "according to the old Institutions."

1 Dec., 1813: H.R.H. the Duke of Sussex, Grand Master of the "Moderns," and several of his Grand officers, were made "Ancient" Masons, and H.R.H. the Duke of Kent was Installed as Grand Master. The M.W.G.M. announced that the Articles of Union between the two Grand Lodges of Masons of England were signed and sealed on the 25th Nov. last, and H.R.H. laid the same before the Grand Lodge. The announcement of this Great Event was received with Masonic acclamation.—*G.L. Min.*

On 27th December, 1813, the long wished for "Union" of the two Societies took place, under the Grand Mastership of H.R.H. the Duke of Sussex, there being at the period of this amalgamation, 359 Lodges holding under the "Ancients," and 640 under the "Moderns."

In a previous work ["The Four Old Lodges"], I have endeavoured to place before the Craft a record of all Lodges warranted by the "Moderns" between 1717 and 1813, and for the subsequent history of the "United" Grand Lodge of England, I again refer the reader to the interesting and instructive pages of Bro. W. J. Hughan's "Masonic Register."
